

**Shape**  
Training

# Shape Training SUCCESS

Aliya first heard about Shape at the Acklam Grange Shine Event. She liked the idea of work-based learning and started her course with us in August 2015. Since being with us Aliya has completed Level 1 & 2 Childcare, Level 1 Functional Skills in maths and English and Level 1 Employability Award. She's been a pleasure to have on board!

“Shape is fun and the staff have been great, especially Helen who has given me some great support and helped me to build up my confidence. I started my placement almost straight away and gained the hands-on practical experience I was looking for. Now I am looking to the future and hoping to start a Level 3 Teaching Assistant course.”
